No C2 P.R. 64 C 278/47-48 dated 4. 10. 1947.

Requests sanction to the resolution of the Board to construct a Rest House on the Anthavaganga hills at an estimated cost of Rs 11,610/- the cost being met out of the closing balance of the Board for 1947-48.

1) It is stated that the existing building on the Anthavaganga hills belonging to the District Board, consists of only two small stone-roofed rooms or mantaps, with a verandah of 15' x 40' situated close by the northern side of the Siva temple. It is also stated that the condition of these rooms is not good at present and that their demolition and reconstruction cannot be undertaken without injury to the temple. Therefore the possibility of improving the same is ruled out. As much as Rs 10,365/- are stated to have been spent for effecting improvements to this building.

Sir

Subject:- Construction of District Board Musafirkhana at Antaraganga.

I have the honour to invite kind reference to the correspondence ending with your letter No.L.7961-L.B.1-43-59 dated 3-2-1944 calling for a plan and estimate for improve-ments proposed to be made at a cost of Rs. [redacted]000/- to the existing rooms at Antaraganga etc., and to state that the proposal was then suspended for a time as the question of improvement at the place was taken up by the Revenue Depart-ment.

It is now seen that a lot of improvements have been effected by spending a sum of Rs.10,365/-. A copy of the letter No.D3.120/46-47 dated 14-3-47 received from the District Development Officer, Kolar, in this connection, is also enclosed for kind information.

My predecessor in office, having inspected the spot after improvements, had opined that a new District Board Musafirkhana was a necessity and therefore had obtained plan and estimate for construction of a new building. The proposal is taken up by the present Board. The existing buildings belonging to District Board under the name of District Board Musafirkhana on the hill, are only two small stone-roofed rooms or Mantaps with a verandah of 15' x 40',

situated immediately closeby by the northern side of the Shiva temple. The condition of these rooms at present is not good. There is no scope, for want of space and levelled ground round about the buildings - for its improvement to render it conve--nient like a Musafirkhana. Its demolition and re-construc--tion of another building on the same spot cannot be under--taken without injury to the temple. Therefore the possibility of improving the existing rooms had to be given up for more than one reason.

The proposed Musafirkhana will be situated a little farther from the temple and the pond and will be by the side of road on the hill - on a more or less plain ground. The Board is already maintaining a full time caretaker with moderate equipment of utensils, required for use of the visitors. After the construc--tion of new Musafirkhana, the question of levy of fees will be taken up. At present, the Board has to incur mainly the capital cost for the building.

Whether a separate Musafirkhana at the place at a cost of Rs.18,600/- is necessary at present has been well examined and is found necessary. The spot on the hills is of ancient origin and has attracted the public both as a centre, fit for religious devotion and as a health resort during summer. The incessent flow of water more or less in a form of rivulet through the mouth of 'Basava' idol having a very ancient origin is in fact a feature of the place. There is also a proposal under Rural Development works to locate an Horticultural centre nearby, owing to some natural advantages. The question of providing the place with electric lights is also under consideration owing to the growing importance of the spot. After the improvement of the place in several directions at a cost of Rs.10,355/- through several sources, it is considered that a Musafirkhana building is necessary which would, doubtless, add to the

convenience

convenience of the public.

In these circumstances, the Board passed a resolution No.39 dated 24-9-1947 approving the proposal and recommending it for kind sanction of Government (copy of the resolution is enclosed). I therefore request that sanction of Government may kindly be obtained. The cost will be met out of the closing balance for the year 1947-48. The plan and estimate are enclosed for kind reference.
